everyone deserves a safer london

...but for many people in London, it is something they have to face every day of their lives. **The Safer London Foundation's vision is to make London the safest capital city in the world by working with our partners, London's diverse communities and the Metropolitan Police Service. We provide local people with information, education, funding and support to enable them to develop a safer neighbourhood through innovative crime prevention and crime reduction projects.**

By addressing the factors which can lead to crime, and by building links between community groups, the business world, government offices and law enforcement agencies, the Safer London Foundation is working towards improving the integration, co-operation and harmony amongst London's many communities, making it a safer place in which to live and work.

Our aim is to empower local communities through Our Your Street Projects to reduce crime and make London a safer place.

IF YOU NEED OUR HELP and would like to find out more about the range of services we can offer, please visit our website at www.saferlondonfoundation.org or apply directly to us at:

safer london foundation
everyone deserves a safer london

The Safer London Foundation is opening doors to information, education, funding and support - by building partnerships between London's diverse communities and the Metropolitan Police Service to address the factors that lead to crime.

We are now looking for volunteers from all sectors of the community to contribute to this very important work of developing safer communities by reducing crime through our innovative community based  Your Street Projects.

Whatever your background you could make a difference to people's lives in London using your skills, life experience and expertise. Everyone's got something to contribute to our success.
