

100 serious assaults on crime

everyone deserves
a safer london

Safer London Foundation is the independent charitable arm of the Metropolitan Police Service. Established in 2005, our primary role is to support and promote community led crime reduction and prevention projects. Our first three years has seen us make grants to 100 of these projects across London, all working to make their communities safer.

When you add our grant-making and volunteer programmes, plus Aspire mentoring ex-offenders into work, not forgetting our work helping the Safer Neighbourhoods Panels keep local policing accountable, SLF is making a real difference - and London a safer place to live, work and visit.

See our website for more information or call us on the number below.
